KidsRoute

Safe group walks for kids — to school & after-school activities

KidsRoute helps NYC families coordinate safe group walks for kids — to school, after-school activities, and everywhere in between. Match with neighboring families heading the same way, and get real-time check-ins so you always know your child arrived safely.

Because raising kids takes a village — and KidsRoute helps you find yours.

HOW IT WORKS

1. **Add your kids**
   Create profiles with school and grade.
2. **Add their activities**
   Enter where they go and when.
3. **Get matched**
   We notify you when neighbors walk the same route.
4. **Walk together**
   Join the group, meet up, and track check-ins.

WHY FAMILIES LOVE KIDSROUTE

- School walks — morning drop-off & afternoon pick-up with building neighbors
- After-school activities — match families going to the same classes & programs
- Walk home groups — coordinate rides home from activities
- Real-time check-ins — know when your child is picked up and dropped off
- Group chat & meeting points — plan walks with other parents
- Privacy first — your info is only shared with matched families
- Free for families — sign in with Google
